Miracle League baseball began in Conyers, Georgia in 1998 when the Rockdale Youth Baseball Association invited children with unique abilities to play on a typical baseball field. That first season, 140 players came out to play baseball, and the Miracle League has been growing ever since.

By the second season, a new type of field was developed just for Miracle League athletes. It's custom-designed with a cushioned, rubberized surface, making it easier for special needs players to move across the field. The Miracle League of Harford County is proud to announce the completion of our own specialized field, located in Schucks Regional Park on Schucks Road in Bel Air.

Thanks to efforts from our personal and corporate donors, as well as sponsorships from our various events, every child in the Harford County area will have a chance to play baseball.
